

SAFETY DATA SHEET

U.S. HazCom GHS Format

Date issued : 09/10/2022
SDS number : XSIM-01756

Fresh Air Lavender**1. Identification**

Product code: 01756
Product identifier: Fresh Air Lavender
Product description: Air Deodorant
Product formulation name: Odor Control Pump / Trigger type
Generic name: Odor Eliminator
Relevant identified uses: AIR ODOR ABSORBENT - AIR DEODORANT

Manufacturer / Supplier

Mr. Brands, LLC
 c/o Closeout Group!
 113 Fillmore St.
 Bristol, PA 19007
Alternate Contact: Kyle Smith
Customer Service: 215-633-8611
E-Mail: MrBrands@MrBrands.Net

Emergency telephone number (24 hour)

Poison Control Center (Medical) : (800) 222-1222
CANUTEC (Canadian Transportation) : (613) 996-6666
CHEMTREC (US Transportation) : (800) 424 9300

2. Hazard identification**Classification of the substance or mixture**

This material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).
 Flammable Liquids, Category 3
 Eye Irritation, Category 2A

Label elements

Not classified as dangerous in accordance with OSHA 29CFR 1910.1200 or by Regulation (EC) No. 1272/2008.

Flame

Exclamation
mark**Signal word:** WARNING**Hazard statement(s)**

H320: Causes eye irritation.
 H317: May cause an allergic skin reaction.

Precautionary statement(s)**Response:**

P301+P312: IF SWALLOWED: Call a POISON CENTER/ doctor/...if you feel unwell.
 P333+P313: If skin irritation or rash occurs: Get medical advice/attention.
 P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Storage:

P404: Store in a closed container.

Disposal:

P501: Dispose of container: All disposal practices must be in accordance with local, state, national and international regulations.

3. Composition/information on ingredients

Chemical name	Vol. %	CAS No.
Ethanol	1 - 5	64-17-5
Alkoxylated Alcohols	~ 0.5 - 2	27252-75-1
1,2-propanediol	0.5 - 1	57-55-6
Castor Oil Ethoxylate	0 - 0.5	61791-12-6
Nonhazardous Components or mixture	~ 0.3 - 0.5	

4. First-aid measures

Eye: Rinse Immediately, flush eyes with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Also flush under the eyelids. If irritation persists. Consult a physician.

Skin: Wash with soap and water. Get medical attention if irritation develops or persists.

Ingestion: Rinse mouth thoroughly with water. If ingestion of a large amount does occur drink plenty of water. Call a POISON CENTER or doctor/physician if you feel unwell.

Inhalation: Ensure that this material is not discharged into the human breathing zone

Indication of immediate medical attention and special treatment needed, if necessary: Treat symptomatically.

Comments: If you feel unwell, seek medical advice (show the label where possible).

5. Fire-fighting measures

Suitable extinguishing media: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Fire fighting procedures: In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full facepiece operated in the pressure demand or other positive pressure mode. Water spray may be used to keep fire exposed containers cool.

Fire fighting equipment: Respiratory and eye protection are required for fire fighting personnel. Full protective equipment (Bunker Gear) and self contained breathing apparatus (SCBA) should be used for all indoor fires and any significant outdoor fires.

6. Accidental release measures

Small spill: Wipe up with absorbent material (e.g. cloth, fleece). Clean contaminated surface thoroughly.

Environmental precautions

Water spill: Take precautions to avoid release to the environment. Prevent from entering into soil, ditches, sewers, waterways and/or groundwater.

Land spill: Scoop up and place in suitable containers for disposal.

Air spill: None

General procedures: Solidified product: Scoop up solids and place in suitable container for disposal.

Melted product: Allow to solidify and treat as above.

Solution: Absorb in vermiculite, dry sand or earth and place in a container.

Special protective equipment: After assessing the remedial steps to be taken and the risk of exposure, employ appropriate personal

protective equipment (see Sec. 8).

7. Handling and storage

Precautions for safe handling: Handle and open container with Care. When using do not eat or drink.

Conditions for safe storage: Keep container closed to prevent drying out.

Comments: **KEEP OUT OF REACH OF CHILDREN**

8. Exposure controls/personal protection

Appropriate engineering controls: None

Individual protection measures, such as personal protective equipment

Eye / face protection: Avoid contact with eyes..

Use of chemical goggles should be considered in industrial settings.

Skin protection - hand protection: Not normally needed.

Respiratory protection: No personal respiratory protective equipment normally required. When workers are facing concentrations above the exposure limit they must use appropriate certified respirators.

Occupational hygiene practices: Good personal hygiene practices should always be followed. Keep away from food, drink and animal feeding stuffs. When using, do not eat, drink or smoke. Hands and any other exposed area should be washed thoroughly with soap and water after contact. Regular laundering of contaminated clothing is essential to reduce indirect skin contact.

9. Physical and chemical properties

Physical state: Liquid

Appearance: Clear Liquid

Color: Varied Colors - (Green, Yellow, Red or Colorless)

Odor: Powerful, fresh, warm, floral, spicy or earthy

Odor threshold: Medium

Freezing point: 0°C to 5°C

Initial boiling point and boiling range: 97°C to 100°C

Relative density: ~ 0.98 to 1.00 (Water = 1.00)

Solubility: Miscible in all proportions

Percent volatiles: 0

VOC content: > 5 % by V

Notes: NA = Not Applicable

10. Stability and reactivity

Chemical stability: This product is stable under storage at normal ambient temperatures.

Incompatible materials: None known.

11. Toxicological information

Serious eye damage / irritation: May be irritating to eyes.

Carcinogenicity

IARC: Not Listed by IARC

NTP: Not Listed by NTP

OSHA: Not Listed by OSHA

12. Ecological information

Bioaccumulative potential: The product is not expected to be hazardous to the environment. Ecotoxicological data on main components only.

13. Disposal considerations

Disposal methods: Disposal must comply with federal, state, and local disposal/discharge laws.

Product disposal: Collect in appropriate containers. Dispose of waste at an appropriate waste disposal facility in accordance with current applicable laws and regulation, and product characteristics at time of disposal.

Empty container: Dispose of container in accordance with applicable regulations.

14. Transport information

USA Department of Transport Regulations (DOT)

UN proper shipping name: Not regulated.

IMO / IMDG - International

UN proper shipping name: Not regulated.

15. Regulatory information

UNITED STATES

SARA Section 311/312 Hazard Categories

TSCA (The Toxic Substances Control Act)

Chemical name	CAS No.
1,2-propanediol	57-55-6
Castor Oil Ethoxylate	61791-12-6

California Proposition 65: This product does not contain listed substances known to the State of California to cause cancer, birth defects or other reproductive harm, at levels which would require a warning under the statute.

16. Other information

Reason for issue: GHS SDS Format

Manufacturer supplemental notes: All reasonably practicable steps have been taken to ensure this data sheet and the health, safety and environmental information contained in it is accurate as of the date specified below. No warranty or representation, express or implied is made as to the accuracy or completeness of the data and information in this data sheet.

The data and advice given apply when the product is sold for the stated application or applications. You should not use the product other than for the stated application or applications without seeking advice.

It is the user's obligation to evaluate and use this product safely and to comply with all applicable laws and regulations. The Manufacturer shall not be responsible for any damage or injury resulting from use, other than the stated product use of the material, from any failure to adhere to recommendations, or from any hazards inherent in the nature of the material. Purchasers of the product for supply to a third party for use at work, have a duty to take all necessary steps to ensure that any person handling or using the product is provided with the information in this sheet. Employers have a duty to tell employees and others who may be affected of any hazards described in this sheet and of any precautions that should be taken. You can contact the Manufacturer to ensure that this document is the most current available. Alteration of this document is strictly prohibited.

Manufacturer disclaimer: Information given herein is offered in good faith as accurate, but without guarantee. Conditions of use and suitability of the product for particular uses are beyond our control; all risks of use of the product are therefore assumed by the user. Nothing is intended as a recommendation for uses which infringe valid patents or as extending license under valid patents. Appropriate warnings and safe handling procedures should be provided to handlers and users.
