

**SAFETY DATA SHEET**

U.S. HazCom GHS Format

Date issued : 09/12/2026

SDS number : 32054

**32054 Pennzoil 16 floz Trigger Multi-Purpose Trigger Spray****1. Identification****Product code:** 32054**Product identifier:** 32054 Pennzoil 16 floz Trigger Multi-Purpose Trigger Spray**Product description:** Cleaner**Relevant identified uses:** Cleaning Agent**Manufacturer / Supplier**

Mr. Brands, LLC

113 Fillmore St.

Bristol, PA 19007

**Alternate Contact:** Kyle Smith**Customer Service:** 215-633-8611**E-Mail:** MrBrands@MrBrands.Net**Emergency telephone number (24 hour)****Poison Control Center (Medical) :** (800) 222-1222**CANUTEC (Canadian Transportation) :** (613) 996-6666**CHEMTREC (US Transportation) :** (800) 424 9300**2. Hazard identification****Classification of the substance or mixture**

Classification (REGULATION (EC) No 1272/2008)

Not a hazardous substance or mixture.

Classification (67/548/EEC, 1999/45/EC)

Not a hazardous substance or mixture according to EC-directives 67/548/EEC or 1999/45/EC.

**Label elements**

Classification (1999/45/EEC): Not classified.

**Signal word:** No Signal Word**Precautionary statement(s)****Supplemental label elements:**

P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

**Emergency overview****Immediate concerns:** None**Potential health effects****Eye:** Contact may cause eye irritation.**Skin:** None**Skin absorption:** None**Ingestion:** None**Inhalation:** None

### 3. Composition/information on ingredients

| Chemical name                      | % w/w     | CAS No.    |
|------------------------------------|-----------|------------|
| Nonhazardous Components or mixture | > 91 - 95 |            |
| Sodium Lauryl Sulfate              | < 3       | 68585-47-7 |
| Fragrance / Perfume Proprietary    | < 0.5 - 1 | Mixture    |
| Alcohols, C10-16                   | < 0.5     | 67762-41-8 |
| 2-Propanol                         | < 0.5     | 67-63-0    |

### 4. First-aid measures

**Eye:** Adverse effect not expected from this product. In case of eye irritation rinse with plenty of water. If irritation persists consult a physician,

**Skin:** Immediately remove all contaminated clothing. After contact with skin, wash immediately with plenty of water and soap. If irritation develops or persists seek medical attention. Wash contaminated clothing before re-use.

**Ingestion:** NEVER MAKE AN UNCONSCIOUS PERSON VOMIT OR DRINK FLUIDS! Rinse mouth thoroughly. Get medical attention if any discomfort continues.

**Inhalation:** Move the exposed person to fresh air at once. If breathing stops, provide artificial respiration. When breathing is difficult, properly trained personnel may assist affected person by administering oxygen. Get medical attention.

#### Most important symptoms and effects, both acute and delayed

**Eye:** May be irritating.

**Skin:** Contact may cause skin irritation and defatting

**Indication of immediate medical attention and special treatment needed, if necessary:** Treat symptomatically.

**Comments:** No specific first aid measures noted.

### 5. Fire-fighting measures

**General hazard:** None Expected.

**Suitable extinguishing media:** Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Hazardous combustion products:** None Expected.

**Explosion hazards:** None Expected.

**Fire fighting procedures:** In the event of a fire, wear full protective clothing and NIOSH-approved self-contained breathing apparatus with full facepiece operated in the pressure demand or other positive pressure mode. Water spray may be used to keep fire exposed containers cool.

**Fire fighting equipment:** Respiratory and eye protection are required for fire fighting personnel. Full protective equipment (Bunker Gear) and self contained breathing apparatus (SCBA) should be used for all indoor fires and any significant outdoor fires.

**Fire explosion:** None Expected.

**Sensitivity to static discharge:** None

**Sensitivity to mechanical impact:** None

**Hazardous decomposition products:** None Expected.

### 6. Accidental release measures

**Small spill:** Avoid runoff into storm sewers and ditches which lead to waterways.

## Environmental precautions

**Water spill:** Depending on the size of the spill and the movement characteristics of the water into which it entered, consider use of booms, underflow or overflow dams. Diversion of the material is also an option. Mechanical skimmers, pads and other absorbent materials may be considered as well.

**Land spill:** Construct temporary dikes of dirt, sand, or any appropriate readily available noncombustible (sawdust) material to prevent spreading of the material.

**General procedures:** Absorb with diatomaceous earth or equivalent inert material. Shovel up and dispose of at an appropriate waste disposal facility according to current applicable laws and regulations, and product characteristics at time of disposal.

## 7. Handling and storage

**General procedures:** Use with sufficient ventilation to keep employee exposure below recommended limits.

**Precautions for safe handling:** Handle and use in a manner consistent with good industrial/manufacturing techniques and practices. Open and handle with care.

**Conditions for safe storage:** Keep container closed to prevent drying out.

## 8. Exposure controls/personal protection

### Exposure controls

| Control parameters                 |              |      |      |                   |
|------------------------------------|--------------|------|------|-------------------|
| Occupational exposure limit values |              |      |      |                   |
| Chemical name                      | Type         |      | ppm  | mg/m <sup>3</sup> |
| 2-Propanol                         | OSHA PEL     | TWA  | 1000 | 1900              |
|                                    |              | STEL | NL   | NL                |
|                                    | ACGIH TLV    | TWA  | 1000 | 1880              |
|                                    |              | STEL | NL   | NL                |
|                                    | Supplier OEL | TWA  | NL   | NL                |
|                                    |              | STEL | NL   | NL                |

**Appropriate engineering controls:** If vapors, or mists are generated, provide local exhaust ventilation to prevent airborne exposure. All ventilation should be designed in accordance with OSHA standard (29 CFR 1910.94)

### Individual protection measures, such as personal protective equipment

**Eye / face protection:** Wear chemical splash goggles and face shield when eye and face contact is possible due to pressure in container.

**Skin protection - hand protection:** To prevent any contact, wear impervious protective clothing such as neoprene or butyl rubber gloves, apron, boots or whole body suit, as appropriate.

**Skin protection - other:** Long sleeved clothing should always be considered when handling chemical substances.

**Occupational hygiene practices:** Good personal hygiene practices should always be followed. Keep away from food, drink and animal feeding stuffs. When using, do not eat, drink or smoke. Hands and any other exposed area should be washed thoroughly with soap and water after contact. Regular laundering of contaminated clothing is essential to reduce indirect skin contact.

**Other use precautions:** Provide adequate ventilation Do not allow to enter into surface water or drains.

Comply with applicable Environmental Protection Legislation.

## 9. Physical and chemical properties

**Physical state:** Liquid

**Appearance:** Clear Liquid

**Color:** Colorless to Yellow

**Odor:** FRAGRANCE AS NOTED ON LABEL

**pH:** 7 to 8

**Freezing point:** ~ (32°F)

**Initial boiling point and boiling range:** ~ (212°F)

**Density:** ~ 8.33 at (60°F)

**Relative density:** ~ 1 gms/cc

**Solubility:** Miscible ---

Completely soluble.

## 10. Stability and reactivity

**Dangerous polymerization:** Material will not polymerize.

**Chemical stability:** This product is stable under storage at normal ambient temperatures.

**Possibility of hazardous reactions:** NA = Not Applicable

**Hazardous decomposition products:** Adverse effect not expected from this product.

## 11. Toxicological information

### Carcinogenicity

**IARC:** Not Listed by IARC

**NTP:** Not Listed by NTP

**OSHA:** Not Listed by OSHA

## 12. Ecological information

**Ecotoxicological information:** There are no data on the ecotoxicity of this product. Not regarded as dangerous for the environment.

## 13. Disposal considerations

**Disposal methods:** Disposal must comply with federal, state, and local disposal/discharge laws.

**For large spills:** Dispose of waste at an appropriate waste disposal facility according to current applicable laws and regulations.

**Product disposal:** Collect in appropriate containers. Dispose of waste at an appropriate waste disposal facility in accordance with current applicable laws and regulation, and product characteristics at time of disposal.

**Empty container:** Ensure container is empty. In a properly ventilated system, rinse drums with plenty of water and steam to remove vapors before disposal in accordance with applicable regulations.

## 14. Transport information

### USA Department of Transport Regulations (DOT)

**UN proper shipping name:** Not Classified

**Technical name:** NA = Not Applicable

**ADR / RID - road / rail**

**UN proper shipping name:** Not Classified

**ICAO / IATA - air**

**UN proper shipping name:** Not Classified

**IMO / IMDG - International**

**UN proper shipping name:** Not Classified

## 15. Regulatory information

### UNITED STATES

#### SARA Section 311/312 Hazard Categories

**311/312 Health hazards:** None Expected.

#### TSCA (The Toxic Substances Control Act)

| Chemical name         | CAS No.    |
|-----------------------|------------|
| Sodium Lauryl Sulfate | 68585-47-7 |
| Alcohols, C10-16      | 67762-41-8 |
| 2-Propanol            | 67-63-0    |

## 16. Other information

**Approved by:** Scott Margulis    **Title:** Technical Director

**Date Prepared:** 09/12/2026

**Information contact:** Scott Margulis

#### HMIS rating

|                     |   |
|---------------------|---|
| Health              | 0 |
| Flammability        | 0 |

| Personal protection | X |

#### NFPA codes

**Manufacturer supplemental notes:** All reasonably practicable steps have been taken to ensure this data sheet and the health, safety and environmental information contained in it is accurate as of the date specified below. No warranty or representation, express or implied is made as to the accuracy or completeness of the data and information in this data sheet.

The data and advice given apply when the product is sold for the stated application or applications. You should not use the product other than for the stated application or applications without seeking advice.

It is the user's obligation to evaluate and use this product safely and to comply with all applicable laws and regulations. The Manufacturer shall not be responsible for any damage or injury resulting from use, other than the stated product use of the material, from any failure to adhere to recommendations, or from any hazards inherent in the nature of the material. Purchasers of the product for supply to a third party for use at work, have a duty to take all necessary steps to ensure that any person handling or using the product is provided with the information in this sheet. Employers have a duty to tell employees and others who may be affected of any hazards described in this sheet and of any precautions that should be taken. You can contact the Manufacturer to ensure that this document is the most current available. Alteration of this document is strictly prohibited.

**Additional SDS information:** Prepared by: Responder LLC-973-809-6700

**Manufacturer disclaimer:** Information given herein is offered in good faith as accurate, but without guarantee. Conditions of use and suitability of the product for particular uses are beyond our control; all risks of use of the product are therefore assumed by the user. Nothing is intended as a recommendation for uses which infringe valid patents or as extending license under valid patents.

Appropriate warnings and safe handling procedures should be provided to handlers and users.
